NAAC – Criterion VII: Institutional Values and Best Practices

Implementation of the Best Practices

Academic Year: 2022-23

Report on

“2nd Women Health Awareness Campaign-2023”

Organizer: Sharadchandra Arts, Commerce & Science College Naigaon (Bz.) in association with Government Rural Hospital Naigaon (Bz.)

Title of the Practices: “2nd Women Health Awareness Campaign-2023”

Objectives of the Practices:

- To create health awareness among women.
- Changing the traditional attitude of women towards their own health.
- To reflect in the masses how important women's health is to the entire family.
- Enhancing self-esteem, confidence and self-respect among women.
- To highlight the role of higher education in eradicating superstitions prevalent in Indian society.

1. The Context:

Today's twenty-first century is a sophisticated scientific age with a computerized ultra-fast lifestyle. Comparing history and present, the journey of human life is from underdevelopment to overdevelopment and there is continuity. But in this rapid journey of all-round development, we have not come out of the traditional rusty mentality while taking with us the Indian woman who occupies almost half the place in terms of numbers in this social system. So Indian women are facing many problems. Especially since the mindset of majority of Indian women is still one of sacrifice and surrender, they neglect their health unforgivably, especially while performing family duties. As a result these women have to suffer serious health consequences. NAAC Criterion VII: Keeping in view the institutional values and best practices of Sharadchandra College. Under this “2nd Women Health Awareness Campaign-2023” is being implemented in association with Sharadchandra College, Naigaon (Bz.) and Government Rural Hospital Naigaon (Bz.). This campaign is

being implemented for three consecutive years i.e. academic years 2021-22, 2022-23 and 2023-24. Through this campaign, the health of women in Naigaon and the surrounding area will be examined by specialist doctors and in-depth guidance and health education will be given regarding proper treatment and health.

2. The Practices:

8th May is celebrated all over the world as World Red Cross Day by organizing various programs related to social work. On the occasion of this day, a social activity "Women's Health Awareness Camp" has been started from the academic year 2021-22 in association with Sharadchandra Arts, Commerce & Science College, Naigaon (Bz.) and Government Rural Hospital, Naigaon (Bz). Since the academic year 2022-23 is the second consecutive year of the Women's Health Awareness Camp, the title of the camp has been decided as **2nd Women's Health Awareness Camp-2023**. In the academic year 2021-22, the first women's health awareness camp was organized here. But at that time, they said camp did not get the response it should have, but this camp has received a lot of response from women. Medical Superintendent of Government Rural Hospital Dr. P. N. Pohare along with NCD and RCD Teams. Dr. Pohare himself and two other doctors were present for health guidance and blood testing. A total of eight types of blood tests have been conducted for women in this camp. Principal of the college Dr. K. Haribabu presided over the program and secretary of the organization Hon'ble Shri. Ravindra Chavan was present as the Chief Guest and Inaugural. As most of the women in the area earn their livelihood by daily wage labor, there was little health awareness among these women, but the first health awareness camp. It was evident from the increased participation of women in this camp that there was a lot of health awareness among the women in the area. The President of the program Principal Dr. K. Haribabu gave a detailed introduction to the program while the Secretary of the Institute Mr. Ravindra Chavan also spoke about the unique importance of health in human life. After that the Medical Superintendent of Rural Hospital Naigaon Dr. P. N. Pohare gave detailed guidance on women's health after which the NCD and RCD team took the blood samples of the women's.

3. Constraints / Limitations:

Except for exceptional difficulty, no kind of difficulty or hindrance has been experienced in the said health awareness camp.

4. Evidence of Success:

Regarding this health camp, the women beneficiaries present in it have given their reactions in a representative form in video mode
